

Faces Of Broadway 2026

Thank you all for your phenomenal talent and incredible auditions. We truly could have cast this show twice and sadly had to pass up 65 people who also deserve to be on the stage.

This show is built by choosing the strongest group of performers for particular songs. This is an ensemble show first focusing on high impact numbers, dance and story telling. From what we saw at auditions, there is certainly no shortage of skill in that regard.

With this in mind, our job is to blend voices and puzzle piece the show together in a cohesive way that allows for all the showstopping moments people come to see, while also managing our time and highlighting voices without burning people out. After 2 days of truly phenomenal auditions, hours of extremely difficult deliberation - reviewing availability, abilities, and beginning to plan out the show - we are excited to announce our incredible cast.

Please note that the rehearsal schedule will be based on the numbers you are needed for to ensure the best use of everyone's time.
